NEWS and VIEWS

March 1983

EXCHANGE STUDENT COMING TO M.B.A.

MBA has accepted a Swedish exchange student for the 1983-1984 school year. Jonas Lobenius, who will be 17 in April, lives with his parents and two younger sisters in the small town of Sigtuna north of Stockholm. His five and one-half years of English in school and his three trips to the United States have honed his proficiency in our language; his English teacher wrote that he speaks "with an American accent." His most recent stay in the United States was in 1981 when he spent a month with an American family in Indiana. Favorite school subjects for him are English, German, math and physics and favorite sports are skiing, golf, ice hockey and soccer.

Jonas comes to MBA with recommendations as an involved and capable young man. We look forward to having him with us. Jonas will be staying with the French McKnight family during his stay at MBA.

SIXTEEN NATIONAL MERIT FINALISTS NAMED

Monday, February 21, MBA's finalists in the National Merit Scholarship competition were named in assembly. Those selected were: Anderson Burton, Lee Bryant, Ted Carver, John Dalton, Atit Desai, Jeff Erickson, John Heer, Jon Hobden, Doug Jenkins, John Levy, Philip Moyers, Lyn Robbins, Kent Rollins, John Ryu, Cannon Thomas, and Allen Wheatcraft. Congratulations to each of you for your fine work!

WINTER TOTOMOI TAPPING

In early February Mr. Novak presided over TOTOMOI tapping in assembly where present members John Dale and Lyn Robbins tapped seniors Todd Helm and Steve Maler. TOTOMOI membership is one of the highest honors which can be earned by an MBA student; it recognizes outstanding achievements in scholarship, athletics, forensics, and publications. MBA is proud of the efforts and achievements of both of these fine young men.

GROUP IS WASHINGTON AND NEW YORK BOUND

A group of students from the 7th and 8th grades of Harpeth Hall and MBA are planning a six-day tour of Washington and New York over the spring holidays. A small sampling of the sights they will see includes the Smithsonian, the Capitol, the White House, Arlington National Cemetery, the National Cathedral, the Statue of Liberty, Rockefeller Center, the United Nations, and....a Broadway play! Baltimore, Philadelphia, West Point, and Annapolis will be visited in side trips. Traveling with the students will be Mr. David Wood, Headmaster at Harpeth Hall, Ms. Polly Nichols, and Ms. Louise Wells, both of Harpeth Hall.

ABCOULOMBS AND ZOANTHIDEA
(OR, THE SCIENCE FAIR IS HERE)

MBA's annual Science Fair is gracing the floor of the Brownlee O. Currey Gymnasium with a display of science projects which will run the gamut of topics--and a number of hours of preparation! Each student's exhibit will be judged by a member of an impartial panel of science teachers from area schools and colleges. Categories in the junior school competition are physical science, biological science, and earth science. Competition in the upper school will be among projects within each of the following disciplines: physics, chemistry, botany, zoology, and microbiology. Good luck to all students! Judging was on Monday, February 28, and visitors were invited to peruse the exhibits on Tuesday and Wednesday, March 1 and 2, from 8 a.m. to 5 p.m.

GREASE IS THE WORD

The MBA Players will present the '50's rock and roll musical Grease on March 3-6 in the St. Cecilia Academy auditorium. Evening performances will be on March 3-5 at 8 p.m. There will be a 2:30 matinee on Sunday, March 6.

The MBA "Greasers" will be joined by Candi Bogie, Jennifer Draper, Kathy Fairbairn, Anne Shoulders, and Laura Watson from Harpeth Hall; Rhonda Dorton from Madison High School; and Karen Thomas from St. Cecilia Academy. MBA cast members include Mack Brothers, John Heer, Steve Maler, Drew Moore, Bobby Morales, Seth Sharpe, Rob Sommer, and David Wood. Dr. Nancye Thomas and Mr. Don Fisher, MBA faculty members, will make their debuts with the MBA Players. Directing the play is Mr. Rick Seay, a member of the M.B.A. Class of 1979 and a recent graduate of Vanderbilt. Mr. James Poston is technical director.

Tickets may be purchased in advance for \$3.00 from cast members or in the MBA office, or they will be available at the door for \$4.00.

Come see Grease. You will be entertained!

COLLEGE NIGHT

College Night was held Thursday, February 3, for juniors and sophomores and their parents to help ready them for the process of making application to colleges. Mr. Bondurant and Mr. Drake spoke at the meeting. Special guest speakers were Ms. Kathy Ciompi, Vanderbilt's Admissions Director; Mr. Bill Hartog, Admissions Director at Washington and Lee; and Mr. Al Gooch, Director of Admissions at the University of the South. Mr. Gooch who has been a storehouse of information and a regular contributor to informational get-togethers of this sort at M.B.A. is retiring from Sewanee after this year..

CHESS TEAM HEADS FOR STATE HONORS

In play this winter the Chess team has earned two first-place finishes, one at the Crossville Scholastic Tournament where Matt Dolloff and Ted Carver tied for second-place honors and another in a team match against Overton High School where Arshad Khan and Ted Carver shared second place. Strong play in the matches was displayed by other team members as well. They are Atit Desai, Scott Haley and Steve Saperstein. Dr. Fairbairn is the faculty sponsor and chess team mentor.

COLORADO SKI TRIP

A group of students accompanied by Mr. and Mrs. Saclarides will be flying to Colorado over spring break to enjoy five full days of skiing at the slopes of Steamboat Springs. They will fly to Denver Sunday, March 13, take a chartered bus from Denver to the ski resort and return Saturday, March 20, via the same route.

STUDENT HONORED

Steve Maler is the nominee of Montgomery Bell Academy for the John Motley Morehead Foundation Scholarship at the University of North Carolina at Chapel Hill. This is a very prestigious scholarship program offered by the University of North Carolina which pays for four years of education plus the assurance of summer employment. MBA is one of a very limited number of schools outside the state of North Carolina that has been asked to participate in this program. This is our second year of participation.

TRAVEL CLUB READY TO GO

The MBA Travel Club's "Costa del Sol" trip to Spain is all set. Mrs. O'Connell, Dr. Gaffney, and Mrs. Springer, along with 16 students and friends of MBA (including "Mrs. Pat" from the office and Mrs. Carter) will be leaving from New York's J.F.K. airport on March 12 for Madrid, Spain. After three days in Madrid, the group will head south to Seville, the beaches of Torremolinos, and other points. Included in the trip will be a day's excursion across the Strait of Gibraltar to Tangier, Morocco. The group will return from their whirlwind trans-Atlantic journey on Sunday, March 20.

M.B.A. JUNIOR SCHOOL AND H.H. MIDDLE SCHOOL ENJOY SKATING PARTY

On Saturday evening, February 12, 62 MBA 7th and 8th graders and 62 Harpeth Hall Middle Schoolers dazzled family, friends, and sometimes themselves, by displaying their terpsichorean and velodromic talents at the Charlotte Skating Rink. The skating party is the first of this year's two joint activities. The success of the venture was evident not only in the numbers of students who participated but also in the disappearance of 20 dozen doughnuts and pounds of popcorn. Dr. Gaffney and Mrs. Bowen made their debuts in pairs-skating to the delight and respectfully muffled chortles of the youngsters. Special thanks to Mr. and Mrs. Morrissey, Mr. and Mrs. Westermann, and the other parents who came out to chaperon and watch.

GROUND-BREAKING IS SET

March 10, 4:00 p.m., will mark the official ground-breaking for MBA's newest facility. Situated alongside the Brownlee O. Currey Gymnasium, the building will house a basketball court, locker room, wrestling room, training room, weight room, and laundry room. This new structure will release enough space in the Currey Gym for an additional science lab which will be occupied by AP biology and chemistry classes.

The generosity of MBA's alumni, parents, and friends is responsible for the school's ability to provide the very best facilities for its students. The ground-breaking ceremony of course marks a new phase of MBA's growth but it is also a tribute to the support enjoyed by the school in the ongoing campaign for funds.

SOCCER TEAM HEADS SOUTH

The MBA Varsity Soccer team will be traveling to the Tampa Bay area of Florida over spring break to participate in a series of "pick-up" games sponsored by Tampa's professional soccer team, the Tampa Bay Rowdies. The MBA team will leave on March 11 and return on March 16, hoping to play two matches against local teams each of the four days they are in Florida. Coach John Lanier expects the experience to benefit the team's spring season which began Tuesday, February 22, at MBA when the team creamed an inexperienced White's Creek team 11-0. Varsity Soccer team members are seniors Jeff Edwards, Todd Helm, Ron Hutchison, John Ryu, Andrew Schenker, Allan Wheatcraft, and Walt Zibas; juniors Ross Ballenger, Tim Don, Bobby Enkema, Davidson French, Chris Guzikowski, Currey Hall, Cooper Lilly, Elliott Sloan, and Kevin Wolfe; sophomores Richard Baughman, John Enkema, and Stephen Jones; and lone freshman Jack Todd.

Traveling with the team and Coach Lanier to Florida will be Currey Hall's father, Mr. Dwight Hall, and the families of Walt Zibas and Elliott Sloan.

ART SHOWS

Winter has been a busy season for the MBA Art Gallery in the Patrick Wilson Library. The new year was ushered in with a student art show composed of sculpture, silk screens, acrylics, and sketches by MBA's art students; the show was very well received. The first part of February was highlighted by a show featuring quilts from the collection of Ann Hayes, paintings by Margaret Schilling, and pottery by Sue Barns. Quilts were hung over the balcony and on the walls, and paintings and pottery were interspersed throughout the display area. The library took on a warm, homey look which complimented the dead-of-winter feeling ushered in with February.

A new show entitled a "Potpourri of Original Art" opened in the library February 20. This show features works by students of Paul Zepelinsky, works by Jean Nicholson and Lenda Dubose, and landscapes by Arthur Crownover.

The MBA Gallery program has proven itself a part of the Nashville art scene while serving as an important link between the school and the community. A hearty invitation is extended to all to attend our openings or to drop by the school during hours to see the shows. Our thanks to all those who have provided so much support over the years.

HELP NEEDED

Thanks to the generosity of the Ladies Auxiliary, the Art Department now possesses a stereo capable of playing classical music. The task in developing a music appreciation program is acquiring a collection of classical recordings. What few albums we do have are in desperate shape. If you have any recordings which are gathering dust or if you feel that no credible music program should be without a favorite of yours, rest assured that it could be put to good use in the Art Department.

DEBATERS AGAIN QUALIFY FOR NATIONALS

The second semester has continued the good fortunes of the MBA Debate program. On January 21, teams, coaches, and judges from across the nation began converging on the MBA campus to register for the first annual Southern Bell Forum, a national calibre debate tournament. A total of fifty teams from nineteen states attended this affair, with Glenbrook North High School of Northbrook, Illinois, capturing first-place honors.

That same weekend, the MBA novice debaters traveled to Hillsboro where Robert Harris and Rob Ikard won first place and MBA received the second-place overall sweepstakes award.

The following weekend, MBA took seven debate teams to the University of Alabama for the Hall of Fame Invitational Tournament. The teams of Tommy Outlaw and Doug Johnson reached the quarterfinal round, while the top team of Lyn Robbins and Sam Chang outdistanced the field to garner first-place honors, losing only one ballot out of a possible twenty. In addition, Robbins was first speaker and Chang was second. The third-place speaker was a full seven points behind Chang.

On the first weekend in February, MBA's two top teams traveled to the Barkley Forum Tournament at Emory University in Atlanta to compete in the South's largest tournament, replete with 150 teams. The team of Chang/Robbins managed to advance to the quarterfinal round, where they lost a close 3-2 decision, thus finishing fifth. Robbins received the honor of being named third speaker.

The highlight of the high school debate season is of course the national tournament held every June. There are essentially two ways in which a team may qualify for nationals--they may either win their National Forensic League district tournament or they may win their state tournament. Since the state of Tennessee constitutes an NFL district, there are basically two state tournaments in Tennessee to qualify our representatives for nationals. The first of these tournaments, the NFL District Tournament, was held on February 11 and 12 at Overton High School. The team of Doug Johnson/Rob Ikard placed fifth in the final standings, and Robert Harris/Tommy Outlaw were third. In the final round, Sam Chang/Lyn Robbins beat the top team from Madison High School on a 2-1 decision to capture the District championship and once again qualify an MBA team for nationals.

MR. GAITHER HONORED FOR COACHING EFFORTS

Mr. Anderson Gaither, who coached the MBA Freshman Wrestlers to the Mid-State Regional Championship, received the "Junior High Coach of the Year" award from the Mid-State Wrestling Officials Association at the Varsity Regional Tournament on Saturday, February 12. This is the second time that Coach Gaither has received this award.

FRESHMAN WRESTLING

MBA's FRESHMAN WRESTLING TEAM ON January 22 won the Western Division Championship tournament at MBA, scoring 160 points and outdistancing 2nd place Franklin Jr. High by 25 points. Winners in this tournament for MBA were Bill Cochran, Russell Brothers, Paul Soper, Reed Pendleton, and John Jenkins. Placing second were Chris Sanders and Howard Tidwell while Will Campbell gained third place.

On the next weekend, at McGavock in the Mid-State Regional Tournament, MBA again won the championship trophy. Finishing in first place were Bill Cochran, Russell Brothers, and Paul Soper; Howard Tidwell and John Jenkins won second-place medals. Third-place medals went to Chris Sanders and Will Campbell. Russell Brothers was named "Best Wrestler."

VARSITY WRESTLING

The MBA varsity wrestlers, coached by Mr. Steve Williams, ended their season with a third consecutive district championship and state honors. The team's strong finish at the end of regular season matches placed them as the slight favorite going into the District Tournament February 4-5. Led by surprise district champion Scott Albright, the team won first place in the district and advanced ten wrestlers to the Regional Tournament at White's Creek February 11-12. Kent Rollins, John Dale and Scott Garfinkel placed first, second and third, respectively, in their weight classes to earn the team a fourth place and to advance to the State Tournament held February 18-19 at David Lipscomb College. MBA's three wrestlers performed exceedingly well in state competition, earning the school the third-place trophy. Individually, Kent Rollins stormed through his weight class of 145 lbs to retain his undefeated status for the year; Scott Garfinkel earned first-place as well in the 105-lb division, and John Dale pulled down second place in the 126-lb weight class.

VARSITY AND JUNIOR VARSITY BASKETBALL

MBA's varsity basketball team, under Coach Mark Elliott, has been an improving and an exciting team to watch.

At mid-season the Big Red turned into a team that no one, with the exception of powerful Father Ryan, could beat with ease. In the last 13 games, MBA won 4 and lost 9, but 7 of the losses came in the final 2 minutes of the game.

MBA has relied primarily on seven players--seniors Brooks Corzine, Jim Fite, Terry Watterson, Mark Robinson, and George Smith; and juniors Matt Drury and John Morrissey. Scoring has been balanced all year, led by Corzine's 10 points per game average. Six players have had game high scoring honors. Drury has been the leading rebounder, followed closely by Corzine. Fite and Morrissey have directed the offense and handled pressure defenses as well. Also important to the team's successes were Bill Tirrill, Davidson French, Mike Fabian, Fletcher Lance and Rob McConnell.

The early season for the JV team was highlighted by sophomore Harry Peffen's 18 points in one half in a big win against Brentwood, and junior Kevin Wolfe's remarkable basket from 3/4 court. With the addition from the varsity of Fletcher Lance and Davidson French, who was working into shape after his injury, the JV won 5 straight games, getting stronger every game. Playing without Lance and French in the final game of the year, MBA had an exciting come-from-behind victory over BGA to finish the season with their 6th straight win.

Sophomores Paul Richards and Mike Pirrie have been the leading scorers and rebounders of the year, and sophomore Robin Henderson has provided ball handling and additional scoring. With the JV finishing the season with such a strong showing, the future looks promising.

FRESHMAN BASKETBALL

This year's freshman basketball team, coached by Mr. Bennett, could well be one of the best freshman teams in MBA's history. The team chalked up a season record of 13-3, beating teams from East, Maplewood, Glenclyff, Hillwood, White's Creek, Ryan, McGavock, Hume Fogg, Pearl, and Harpeth Junior High. In the District Tournament February 4-5 at McGavock, MBA advanced to the semifinal round after defeating East 62-55. In the semifinals, the Big Red lost a heartbreaker 59-57 to Overton in the last few seconds of the game. The team was led by 6'8" Jay Schmitt, 6'1" Talbot Masten, 6'1" Jack Todd, and 5'11" guards Mike Blade and David Malone. Takis Patikas performed well as the sixth man. Keith Paisley, Jay Owen, Todd Pardue, Robbie Bueno, and Robbie McNair made major contributions to the team's success. Schmitt and Masten were the team's leading scorers with averages of 15 and 13 respectively.

MICROBE BASKETBALL WINS HVAC

Coached by Mr. Saclarides, the Microbe Basketball team finished the season this year with a 12-3 record and, for the first time in twelve years, they captured first place at the HVAC Tournament. MBA was ranked third in the tournament, but superb play led by a fine defense was responsible for MBA's 3-0 showing against Franklin Road Academy, BGA, and, finally, Brentwood Academy. Team members are Randy Brown, Chris Burch, Paul Lentz, Charles Mayes, Will Meyer, Brennon Martin, Mike Morrissey, Peter Paris, Emmett Russell, Mark Smith, John Teas, and Clay Trabue.

PLAY BALL!

The fourth annual Senior-Junior Challenge Basketball game was held in the Currey Gym Friday evening, February 25. The challenge was offered to the juniors in assembly in a punishing oration by senior George Lynch. Eagerly accepting the challenge and exhibiting some clever rhetoric of his own was Parish Lentz. The game which was no less lackluster than the speeches was won 48-39 by the seniors. Coaching the victorious seniors was Jim Fite. Bobby Morales coached the underclassmen.

.....AND MORE BALL!!

On this same evening, the finals of the Junior School Championship were held. This year's battle pitted perennial champion 8S against a surprising 7B. Led by the strong trio of Bobby Whitson, Dan Farrar and Kevin Rhodes, 8S intimidated 7B 41-15. 7B had reached the finals by defeating 7N and 7E while 8S was victorious over 8G and 8F.

TESTING DAY

Saturday, January 29, was Testing Day at MBA. After refreshments of coffee and donuts and a tour by a member of MBA's corps of volunteers, the parents were welcomed as a group in Wallace Hall, and the students began the battery of necessary tests. Mr. Bondurant presided over the meeting with the parents; Dr. Gaffney presented a preview of life in the Junior School; Mr. Drake spoke on MBA's efforts to prepare its students for the rigors of college; and Senior Steve Maler spoke on life at MBA from a student's point of view.

Letters were mailed to the parents of the prospective students on February 21, 1983.

February 25, 1983

Dear Parents, Faculty, and Staff;

We hope it's finally going to come true - with your help - an MBA Cookbook. Yes, we hope each and everyone of you will send us your favorite recipes to the school office no later than April 1st. Please print or type this so it will be easier for our typist. A few simple rules and format to follow:

Recipe Name

Serves or Yield:

Ingredients:

tablespoon = Tb.

When using a can, please give

teaspoon = tsp.

ounce (oz.) size of can.

cup = C.

ounce = oz.

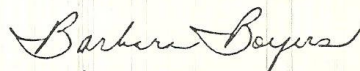

Method:

Your Name

Please be as specific as possible and give any hints that you think worth knowing - if something freezes well, or can be made ahead of time.

Any kind of recipe will be fine and the sooner we get them the quicker we can get started sorting them out. Also if there are any volunteers (typist or sorters) to serve on the MBA Cookbook committee, please contact Barbara Boyers (824-0078) or Carolyn O'Neal (352-5690). Thank you all for your help and interest.

Yours truly,

Barbara Boyers
